# Converters Development

---

## **Client**

Aquila Technology Group, Inc, is a major supplier to government and industry worldwide, specializing in industrial controls, safeguards surveillance and seals, computer systems, and secure computer networks. Aquila supplies nuclear safeguards products to government and industry worldwide including the development, manufacture, sale, and maintenance of all equipment. Aquila also manufactures containment seals and is involved in replacement seal technology development.

## **Solution**

The task was to develop a number of various converters (e.g. from Pascal to C, etc) with specific extensions dependent on operating system environment.

## **Auriga's Contribution**

Development of the DIGITAL UNIX Drivers

## **Implementation**

Development of the converters
